**Plaintiffs' Rule 56.1(b) Statement of Additional Undisputed Material Facts**

47. Hangzhou Chic Intelligent Technology Co., Ltd, is the assignee and owner of the Patents-in-Suit. (Dkt. 101 at ¶ 6.)

48. Unicorn Global, Inc. is the exclusive licensee of the Patents-in-Suit in the United States. (Dkt. 101 at ¶ 8.)

49. Defendants are Chinese companies and individuals that operate online e-commerce stores in the business of selling hoverboards. (*See* Dkt. 309 at ¶ 9; Dkt. 368, Counterclaims, ¶¶ 4–5; Dkt. 463, Counterclaims, ¶¶ 4–5; Dkt. 464, Counterclaims, ¶¶ 4–55; Dkt. 465, Counterclaims, ¶¶ 4–5.)

50. Plaintiffs originally filed their complaint in August 2020 alleging infringement of the Patents-In-Suit against several online sellers of hoverboards (Dkt. 1), including Defendant Gyroor-US. (Dkt. 4, Schedule “A”).

51. Plaintiffs later filed the operative Third Amended Complaint on November 19, 2020. (Dkt. 101.)

52. On November 20, 2020, supported by declarations from a design patent expert (Dkt. 106-1) and a damages expert (Dkt.. 106-2), Plaintiffs moved for preliminary injunction against the defendants. (Dkt. 105.)

53. On November 24, 2020, the Court granted the preliminary injunction covering the “defendants” then identified in Schedule A, plus “their affiliates, officers, agents, servants, employees, attorneys, confederates, and all persons acting for, with, by, through, under or in active concert with them.” (Dkt. 113, “the 2020 Preliminary Injunction”).

54. On May 6, 2021, Plaintiffs moved to amend the list of defendants identified in Schedule A after identifying other storefronts that were associated with the defendants named in

the original Schedule A and to “ensure that any entity against whom relief has been or foreseeably will be sought is listed as a defendant in the schedules of defendants.” (Dkt.. 227.)

55. Plaintiffs’ motion sought to add Gyroor, Urbanmax, Fengchi-US, HGSM, Gaodeshang-US and Gyroshoes as defendants. (Dkt. 227-3.)

56. The Court granted Plaintiffs’ motion to amend on May 24, 2021. (Dkt. 253.)

57. On June 18, 2021, Defendants Fengchi-US and Urbanmax moved to clarify or vacate the 2020 Preliminary Injunction. (Dkt. 297.) The Court denied the motion on August 9, 2021. (Dkt. 359.) On September 2, 2021, Fengchi-US and Urbanmax filed a notice of appeal. (Dkt. 407.)

58. On August 9, 2021, Defendant Gyroor-US moved to dissolve the 2020 Preliminary Injunction challenging the adequacy of notice before the injunction was issued. (Dkt. 353.) The Court denied the motion on August 24, 2021. (Dkt. 380.) On August 28, 2021, Gyroor-US filed a notice of appeal. (Dkt. 401.)

59. In the interim, Plaintiffs filed a new motion for preliminary injunction on August 24, 2021 to enjoin the defendants added to Schedule A. (Dkt. 384.) The Court granted and entered the preliminary injunction order on October 14, 2021. (Dkt. 456.)

60. On appeal, the United States Court of Appeals for the Federal Circuit “vacate[d] for lack of Rule 65(a) notice the preliminary injunction entered by the district court on November 24, 2020, and the order entered by the district court on May 24, 2021, that granted ABC’s motion to amend Schedule A insofar as that order extended the 2020 Preliminary Injunction to new defendants.” *ABC Corp. I v. P’ship & Unincorporated Associations Identified on Schedule “A”*, 51 F.4th 1365, 1377 (Fed. Cir. 2022) (Dkt. 590).

61. On November 9, 2022, Plaintiffs filed a renewed motion for a preliminary injunction against the Defendants. (Dkt. 592.) On December 2, 2022, the Court denied Plaintiffs' motion on the ground that Defendants' defense had "substantial merit." (Dkt. 619, 626.)

62. On July 19, 2021, Defendant Gyroor-US filed a motion for summary judgment of non-infringement of the Patents-in-Suit by Accused Product, Gyroor A. (Dkt. 334.) Defendant Gyroor-US's motion was based on only three facts (Dkt. 346) and the assertion that "the Accused Product is based on a valid U.S. Design Patent D808,857, which Defendant is authorized to use." (Dkt. 334 at 1.)

63. The Court denied the motion for summary judgment on October 6, 2021 on the ground that the "existence of one's own patent does not constitute a defense to infringement of someone else's patent." (Dkt. 443 (quoting *Bio-Tech. Gen. Corp. v. Genentech, Inc.*, 80 F.3d 1553, 1559 (Fed. Cir. 1996)).)
